## PREPARATORY SCHOOL

*Lakehill Preparatory School guides motivated students to learn with curiosity, lead with confidence, and serve with compassion. Our challenging and nurturing educational community inspires students to become collaborative problem-solvers who live with integrity.*

**Lakehill Preparatory School**  
**2720 Hillside Drive**  
**Dallas, Texas**

### **Position Title: Third Grade Math/Science Teacher**

#### **Responsibilities:**

- Deliver a rigorous Mathematics and Science curriculum within an interactive learning environment to provide exceptional results for all students.
- Create and implement grade-level appropriate lesson plans as the sole Math/Science teacher in a departmentalized setting, leading lessons to both third grade homerooms.
- Encourage a love of mathematics through a variety of teaching methods ranging from concrete to abstract and implementing the use of projects and manipulatives to encourage real world connections.
- Lead students in inquiry-based, hands-on science lessons through Smithsonian Education's STC kits and other similar high-interest labs.
- Plan and implement interdisciplinary studies between the Math and Science curricula as well as in partnership with the ELA/Social Studies teacher.
- Lead a classroom environment that promotes academic, as well as social-emotional, wellbeing.
- Monitor student progress and assist students in accomplishing established learning objectives.
- Provide timely feedback to students and their parents on coursework and progress.
- Post all assignments, grades and classroom communication through the appropriate channels and proactively make phone calls home and/or send emails to parents.
- Other duties as assigned.

#### **Qualifications:**

- Five or more years' experience as a full-time classroom teacher.
- Bachelor's degree in education or related field.
- Experience teaching mathematics and science with hands-on, inquiry-based methodologies and manipulatives to encourage exploration and real-world connections.

- Ability or willingness to collect, interpret, and utilize student data to provide targeted instruction and progress monitoring.
- Possesses a comprehensive understanding of best practices for elementary child education.
- Demonstrate a passion for guiding student learning and success.
- Experience working with students from diverse backgrounds.
- Effective verbal and written communication
- Be proficient in the tools available through Microsoft Office and/or Google Suite.
- Must be flexible and adaptable in meeting the needs of the children and the program.
