THE SCHOOL

HISTORY AND PHILOSOPHY

Established in 1971, Lakehill Preparatory School is a highly-regarded, fully-accredited, co-educational school for students in kindergarten through grade 12. The Main Campus sits on six acres and offers classrooms, a gymnasium, an auditorium, two libraries, and multiple science and computer labs. The Opening Doors Expansion Project, completed in 2017, renovated 8,000 square feet of existing space and added an additional 16,000 square feet of new space and a 5,000 square foot courtyard with outdoor learning areas. The 17-acre Roger L. Perry Campus is home to the Warrior Athletic Complex and the Alice and Erle Nye Family Environmental Science Center.

Lakehill Preparatory School provides a rigorous, college preparatory curriculum and opportunities for personal growth, individual enrichment, and community engagement. From kindergarten through high school, every Lakehill student is encouraged to strive, challenged to succeed, and inspired to excel.

MISSION

Lakehill Preparatory School guides motivated students to learn with curiosity, lead with confidence, and serve with compassion. Our challenging and nurturing educational community inspires students to become collaborative problem-solvers who live with integrity.

COMMUNITY SERVICE

Lakehill Preparatory School students are involved in community service from kindergarten through grade 12. Through community outreach, Lakehill students embrace a spirit of volunteerism and develop a life-long passion for service. Service hours are not a requirement; however, every graduate is actively involved in a variety of projects to benefit their community.

THE SENIOR INTERNSHIP PROGRAM

Through the Senior Internship Program, all graduating seniors spend a two-week period observing and working in a field that they intend to pursue in college. Partnering with members of the Dallas business and professional community, seniors work an average of twenty to thirty hours each week of the project and keep a log of their activities. At the conclusion of their projects, seniors must pass an oral review by a committee of Lakehill faculty. Successfully passing the committee review is a requirement for graduation.

CLASS RANK

Lakehill Preparatory School does not rank its students due to the highly selective nature of our admission process and the small size of the graduating class.

GRADE POINT AVERAGE

Lakehill does not weight grades for our official purposes, such as ranking Valedictorian and Salutatorian. A weighted GPA is listed on the transcript for post-secondary institution review only, as applicable, and is calculated by awarding one full point to any AP course. The Lakehill grade point average is a cumulative calculation of a student's work completed at Lakehill from ninth grade onward. All courses taken at Lakehill are included on the transcript and in grade point average calculations (including repeated courses) with the exception of athletic and independent study courses, which appear on the transcript but are not calculated into the GPA. The grading system is A-F. Athletic courses, including Yoga, Dance, and Athletics, and independent study courses will be graded on a Pass/Fail grading system beginning in 2024-2025. Courses not taken at Lakehill, including those taken at other secondary and post-secondary institutions, are not included on the transcript or in the grade point average calculation.
