Lakehill Preparatory School guides motivated students to learn with curiosity, lead with confidence, and serve with compassion. Our challenging and nurturing educational community inspires students to become collaborative problem-solvers who live with integrity.

Lakehill Preparatory School **2720 Hillside Drive** **Dallas, Texas**

Position Title: 3rd Grade Math and Science Teacher

Lakehill Preparatory School seeks a warm, engaging, and collaborative full-time 3rd Grade Math and Science Teacher to join our Lower School team. We are looking for an educator who values building strong relationships with students and families while creating a joyful and structured learning environment that reflects the mission and values of Lakehill.

Third grade is an exciting year of academic growth as students transition from learning foundational skills to applying knowledge through deeper critical thinking, problem-solving, and exploration. The ideal candidate will bring a genuine passion for math and science instruction, creating a classroom environment where students develop confidence, curiosity, and a love of learning.

Candidates should be comfortable utilizing the enVision Mathematics curriculum to provide engaging, differentiated instruction that strengthens conceptual understanding, mathematical reasoning, and real-world application. In science, the right educator has an enthusiasm for hands-on, inquiry-based science instruction that encourages exploration, investigation, and real-world connections through classroom experiences, the use of resources such as Smithsonian Science curriculum kits, and opportunities for learning at Lakehill's Environmental Science Center campus.

This educator should foster creativity, independence, and a growth mindset while supporting the social-emotional growth of students through clear expectations, strong classroom routines, and an environment where learners feel challenged, supported, and inspired.

Lakehill Preparatory School guides motivated students to learn with curiosity, lead with confidence, and serve with compassion. Our challenging and nurturing educational community inspires students to become collaborative problem-solvers who live with integrity.

Ideal candidates should have the following qualifications:

- A bachelor's degree in Education or a related field.
- Prior classroom teaching experience, preferably in upper elementary grades.
- Demonstrated ability to create a positive, engaging, and well-structured classroom environment where students feel known, supported, and challenged.
- A strong understanding of elementary mathematics concepts, including experience with or willingness to learn the enVision Mathematics program.
- The ability to differentiate instruction to support a variety of learning styles, abilities, and student needs.
- Strong communication skills and the ability to build positive partnerships with students, families, and colleagues.
