Position Title: Long-Term Substitute Teacher – Physics/Robotics (November 30 - January 11, 2026)

Lakehill Preparatory School seeks a warm, engaging, and highly dependable full-time long-term paternity substitute teacher to serve as our physics and robotics teacher from November 30 through January 8, 2027. We are looking for someone who can step smoothly into an established classroom community, maintain strong routines, and continue the joyful learning environment that defines the Upper School at Lakehill. The ideal candidate will have experience teaching Upper School physics and robotics. Candidates should be able to support students' academic growth while nurturing their curiosity, confidence, and love of learning.

Ideal candidates should have the following qualifications:

- A bachelor's degree in physics or a related field; further degrees are preferred
- Prior experience teaching physics and robotics, preferably at the high school level in an independent school; additional teaching experience in other sciences is a plus
- Strong communication skills, attention to detail, and excellent follow-through
- A genuine enthusiasm for working with high-school learners, a positive and welcoming presence, and flexibility
- A commitment to creating a nurturing, structured classroom where students feel supported and engaged

To apply for this position, please email a resume and cover letter to:
